TASK 2 READING

I. Never too late to learn /16 points/

My grandpa's name is David. He is retired but he used to be a history teacher. When he came to visit, he criticized us for using the computer too much and wasting time.

When my grandpa was 70 he bought a computer for the first time. Of course, he had no idea how to use it and didn't even know how to open and delete a file. He couldn't type very fast and he didn't have a clue about how to use the Internet. So he decided to take a course and after a few lessons he was able to browse the Internet and search for things he needed, send e-mails and even create his own website to advertise books he had written on his web page. We were proud of him because he was really good at using the computer and he learnt quickly. Even his friends realized that he was the best in the class and started asking him for help. So he decided to run a course for his friends and for people who wanted to improve their computer skills. Now he is working harder than ever before because he also writes textbooks and gives lectures to those who are interested in using computer effectively. He can't imagine his life without a computer and he never criticizes us anymore!
