###### Environment

The Earth is our home. We need the Earth to live, but how much do we know about it and how we can help it? The Earth is 4.5 billion years old. There are four seasons every year - spring, summer, autumn and winter. People live all over the world, from the North Pole to the South Pole. They speak different languages and have different cultures. But they are also the same in many ways. They all need food, water and air to live. And they all want to be happy. But there are problems. For example, there are too many cars and factories. They make a lot of pollution. Pollution is bad for the air, water and land. It's also bad for animals and people. People are cutting down trees in the rainforests. This is a big problem because forests give us oxygen. Oxygen is very important for living things. And there are other problems. What can we do to help the Earth? We can recycle paper, glass and

plastic. We can walk or cycle instead of driving a car. We can turn off lights when we don't need them. And we can plant more trees.
