Dear Ann

How are you? I' m fine. I'm very busy lately with my school and hobbies. I have football practice twice a week- very Monday and Thursday afternoons. I am good at playing football. Each practice takes two hours and then I have to go home and do my homework. Every Friday we have a math test. So I have to study hard for the exam after my football practice on Thursday. I'm quite good at math but I still need to study hard. On Saturday evenings, we like to watch football games on TV. I'm a big fan of football. My father also likes to watch the games. My mother sometimes watches with us. But she doesn't like football much.

Yours, Alex

The world's oldest person was Misao Okawa from Japan. She was born on March 5, 1898 in Osaka. She was a daughter of a kimono maker. She was already a teenager when World War I broke out. She married to Yukio Okawa in 1919 and had three children-two daughters and a son. Her husband, Yukio ran a business. They lived in Kobe where he ran a business. When he died in 1931, she moved back to Osaka. She lived across three centuries, seeing four emperors of Japan, six British monarchs, and 20US presidents. Okawa said that eating sushi and sleeping at least eight hours a night are the reasons why she lived so long.
